## 2nd Quarter

2023
June 30

To Our Shareholders, Customers, and Friends:

The Federal Reserve's continued actions to curb inflation have resulted in a rapid escalation in interest rates not seen in over 40 years and second only to 1980. The significant economic stimulus injected into our economy during the pandemic has led to inflationary pricing pressures on virtually every good and service throughout our economy. Nowhere is this more impactful than in the small communities we serve. Our small businesses have weathered a tight labor market with considerable additional cost, coupled with supply chain disruptions and significantly increased material expenses. Families are working to balance household budgets as they face higher costs on all day-to-day necessities. We remain committed to our customers just as we have for the past 65 plus years and will be here for our communities regardless of headwinds.

Deposit stability returned to the banking industry during the second quarter of 2023. The Bank’s $\$ 335$ million or $51 \%$ deposit growth during the pandemic declined $\$ 29.6$ million or $3.7 \%$ during the second quarter of 2023, following the first quarter 2023 decline of $\$ 154$ million or $16 \%$. Consistent with historical trends, our deposit base declined with April tax payments and has experienced modest growth through the remainder of the quarter.

Select Q2 2023 Highlights:

- Net income of $\$ 1.21$ million decreased $\$ 255$ thousand or $17.5 \%$ from 2022's $\$ 1.46$ million.
- Total assets of $\$ 1.03$ billion increased $\$ 88.7$ million during the current quarter.
- Net loans of $\$ 392.8$ million increased $4.5 \%$ or $17.9 \%$ annualized during the current quarter.
- Cost of funds for the current quarter of $0.79 \%$ increased 67 basis points from the prior quarter's $0.12 \%$ and increased 74 basis points from the prior year second quarter cost of funds of $0.05 \%$.
- The Bank has advances on its borrowing facilities with the Federal Reserve's Bank Term Funding Program, net of interest-bearing deposits in banks, of \$29 million at June 30, 2023.
- All investment securities are held as available-for-sale and reported at fair value. The Bank has no intent to sell these securities and as such, the unrealized losses are deemed to be temporary.

Select First Half 2023 Highlights:

- Net income of $\$ 2.97$ million increased $\$ 52$ thousand or $1.8 \%$ from 2022's $\$ 2.92$ million.
- Income before taxes and the provision for credit losses of $\$ 4.19$ million increased $\$ 783$ thousand or $23 \%$ from 2022's $\$ 3.41$ million.
- Total assets of $\$ 1.03$ billion decreased $\$ 23.9$ million or $2.3 \%$ during the first half of 2023 .
- Net loans of $\$ 392.8$ million increased $5.3 \%$ or $10.6 \%$ annualized during the first half of 2023.
- The average yield on the loan portfolio was $5.61 \%$ at June 30,2023 , an increase of 52 basis points from the same period in 2022.
- Shareholders' equity of $\$ 64.9$ million increased $\$ 6.3$ million or $10.7 \%$ during the first six months of the current year.

We appreciate the continued support from our long-term and loyal shareholders. This institution is built on the simple promise of trust, doing the right thing for our shareholders, customers, and communities. It would not be possible without the continued dedication and commitment from our employees, who deliver on this promise each and every day.
