

LICENSE TERMS FOR JACK HENRY/ENTERPRISE PAYMENT SOLUTIONS WHITE LABEL MATERIALS

Jack Henry & Associates, Inc., acting through its ProfitStars division ("JHA"), by providing documentation to you the licensee ("You") for private labeling (the "Materials"), grants a limited license (the "License") to You to publish and distribute the Materials under Your private label, solely in connection with Your promotion, marketing, and support to Your customers of the applicable JHA solutions purchased and/or licensed by You from JHA. Your use of the Materials indicates your acceptance of the terms of this License.

This License does not convey any rights to alter the content of the Materials other than to apply Your private labels.

The Materials covered by this License include only items that are provided to You in a word processing format appropriate for revision; such items do not include files provided in the secured portable document format (PDF). All other documentation and materials provided to You by JHA are not covered by this License and may not be altered or privately labeled by You without JHA's prior written permission.

JHA retains all ownership rights to the Materials, including, but not limited to, in accordance with U.S. Code Title 17—Copyrights. Accordingly, You have no rights with regard to the Materials other than those rights specifically granted to You under this License. Without limiting the generality of the foregoing, JHA reserves the right to:

(a) require You to cease publication, distribution, and use of any Materials that JHA determines in its sole discretion can no longer be used due to content-related issues, including, but not limited to, outdated and inaccurate content;

(b) create new versions of the Materials and require You to replace prior versions of the Materials with the new versions;

(c) create derivatives of, or new versions of, the Materials without Your private labels for publication elsewhere without notifying You or obtaining Your permission; and

(d) monitor Your publication, distribution, and use of the Materials for compliance with the terms of this License, and take any action deemed necessary by JHA in its sole discretion to stop and/or remedy any conduct by You that violates the terms of this License, including, but not limited to, revoking the rights granted herein.

Nothing contained herein shall be construed as creating any agency, legal representative, partnership, or other form of joint enterprise between You and JHA, and neither You nor JHA shall have the authority to contract for or bind the other in any matter.

JHA warrants that it owns all copyright and other proprietary rights to the Materials, that JHA is authorized to grant the rights granted to You under this License. EXCEPT FOR THE FOREGOING WARRANTIES, JHA MAKES NO OTHER REPRESENTATIONS OR WARRANTIES OF ANY KIND, NATURE, OR DESCRIPTION, EXPRESS OR IMPLIED, WITH RESPECT TO THE MATERIALS, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR AS TO THE RESULTS TO BE OBTAINED BY YOU AS A RESULT OF YOUR USE OF THE MATERIALS IN YOUR BUSINESS, AND JHA HEREBY DISCLAIMS THE SAME.

The terms of this License apply to all Materials in Your possession or control now and in the future.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document. "Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License. "Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity. "You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License. "Source" form shall mean the preferred form for making modifications, including but not limited to software source code,

documentation source, and configuration files. "Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types. "Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below). "Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof. "Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution." "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and (b) You must cause any modified files to carry prominent notices stating that You changed the files; and (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License. You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

MICROSOFT .NET LIBRARY

These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you. Please read them. They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft updates, supplements, Internet-based services, and support services for this software, unless other terms accompany those items. If so, those terms apply.

BY USING THE SOFTWARE, YOU ACCEPT THESE TERMS. IF YOU DO NOT ACCEPT THEM, DO NOT USE THE SOFTWARE. IF YOU COMPLY WITH THESE LICENSE TERMS, YOU HAVE THE PERPETUAL RIGHTS BELOW.

1. INSTALLATION AND USE RIGHTS. a. Installation and Use. You may install and use any number of copies of the software to design, develop and test your programs. You may modify, copy, distribute or deploy any .js files contained in the software as part of your programs. b. Third Party Programs. The software may include third party programs that Microsoft, not the third party, licenses to you under this agreement. Notices, if any, for the third party program are included for your information only. 2. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS. a. DISTRIBUTABLE CODE. In addition to the .js files described above, the software is comprised of Distributable Code. "Distributable Code" is code that you are permitted to distribute in programs you develop if you comply with the terms below. i. Right to Use and Distribute. You may copy and distribute the object code form of the software. Third Party Distribution. You may permit distributors of your programs to copy and distribute the Distributable Code as part of those programs. ii. Distribution Requirements. For any Distributable Code you distribute, you must use the Distributable Code in your programs and not as a standalone distribution; require distributors and external end users to agree to terms that protect it at least as much as this agreement; display your valid copyright notice on your programs; and indemnify, defend, and hold harmless Microsoft from any claims, including attorneys' fees, related to the distribution or use of your programs. iii. Distribution Restrictions. You may not alter any copyright, trademark or patent notice in

the Distributable Code; use Microsoft's trademarks in your programs' names or in a way that suggests your programs come from or are endorsed by Microsoft; include Distributable Code in malicious, deceptive or unlawful programs; or modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An Excluded License is one that requires, as a condition of use, modification or distribution, that the code be disclosed or distributed in source code form; or others have the right to modify it. 3. SCOPE OF LICENSE. The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not work around any technical limitations in the software; reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation; publish the software for others to copy; rent, lease or lend the software; or transfer the software or this agreement to any third party. 4. BACKUP COPY. You may make one backup copy of the software. You may use it only to reinstall the software. 5. DOCUMENTATION. Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes. 6. EXPORT RESTRICTIONS. The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see www.microsoft.com/exporting. 7. SUPPORT SERVICES. Because this software is "as is," we may not provide support services for it. 8. ENTIRE AGREEMENT. This agreement, and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services. 9. APPLICABLE LAW. a. United States. If you acquired the software in the United States, Washington state law governs the interpretation of this agreement and applies to claims for breach of it, regardless of conflict of laws principles. The laws of the state where you live govern all other claims, including claims under state consumer protection laws, unfair competition laws, and in tort. b. Outside the United States. If you acquired the software in any other country, the laws of that country apply. 10. LEGAL EFFECT. This agreement describes certain legal rights. You may have other rights under the laws of your country. You may also have rights with respect to the party from whom you acquired the software. This agreement does not change your rights under the laws of your country if the laws of your country do not permit it to do so. 11. DISCLAIMER OF WARRANTY. THE SOFTWARE IS LICENSED "AS-IS." YOU BEAR THE RISK OF USING IT. MICROSOFT GIVES NO EXPRESS WARRANTIES, GUARANTEES OR CONDITIONS. YOU MAY HAVE ADDITIONAL CONSUMER RIGHTS OR STATUTORY GUARANTEES UNDER YOUR LOCAL LAWS WHICH THIS AGREEMENT CANNOT CHANGE. TO THE EXTENT PERMITTED UNDER YOUR LOCAL LAWS, MICROSOFT EXCLUDES THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. 12. LIMITATION ON AND EXCLUSION OF REMEDIES AND DAMAGES. YOU CAN RECOVER FROM MICROSOFT AND ITS SUPPLIERS ONLY DIRECT DAMAGES UP TO U.S. \$5.00. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES. This limitation applies to anything related to the software, services, content (including code) on third party Internet sites, or third party programs; and claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law. It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your country may not allow the exclusion or limitation of incidental, consequential or other damages.

Introduction

The *Remote Deposit Scan Handbook* is a guide for all persons who process transactions through Remote Deposit Scan (RDS). Prior to working with the application, you should have received a login letter from your financial institution that contains the following information.

- The application URL where you will use the provided administrator login credentials (see figure):

User Name:	admin
Temporary Password:	(see email) Note: The Financial Institution has the ability to reset the Admin password under Manage Customers, if necessary.
Company:	Test 549086

FIGURE 1 - SAMPLE INFORMATION FROM LOGIN LETTER

- Upon logging in to the system, you will be prompted to change your temporary password. A password must be between 8-15 characters and contain at least one upper case letter, one lower case letter, and one number.
- Your Merchant ID and scanner model/scanner number.
- Instructions for any EPS Education training you wish to schedule, in order to better learn the application.

NOTE: EPS Support is not available for training in the use of the application.

In addition to the login letter, your financial institution should have provided you with the *Scanner Installation Quick Start: Remote Deposit Scan*, a guide that assists with the installation of a scanner and Device Control, an EPS application used to manage scanners with RDS. If you are using an Apple® Mac® OS, consult the *SPB - Scanner Installation Quick Start for Mac* document for more information.

RDS provides the ability to process your customer checks through a single-check scanner and convert them to an electronic image transaction, later deposited into a bank account.

Checks can be scanned throughout the day, and their amount will be added into the deposit total. A deposit will consist of all transactions created that day, unless otherwise noted. For example, a transaction given a future effective date will not be deposited until such time. The system can detect duplicate transactions within 75 days of the original transaction being created. ACH items will be deposited separately from Check 21 items.

NOTE: Your tabs and menu options may differ slightly from those pictured throughout this document.

System Requirements

NOTE: Scanner support will be provided only to organizations that meet the minimum system requirements on a genuine, activated version of Microsoft® Windows® on a certified platform. Examples of unsupported platforms include servers, point-of-sale devices, and tablets. Please see the system requirements below for a list of certified browsers and operating systems.

For an optimal experience a high-speed Internet connection is recommended, in addition the following components are required for working with the application(s).

NOTE: The application does not support Apple® Boot Camp® or any virtualization software.

For the PC:

- Local administrative rights
- Local User Profile
- USB port 2.0 or higher
- .NET® Framework 4.7 or higher

For Microsoft® Windows®:

- Windows 8.1
- Windows 10 supported editions: Home, Professional, and Enterprise. (Both 32- and 64-bit machines are supported)
- Microsoft Internet Explorer® 11, Microsoft Edge, or Google Chrome™

NOTE: The current version of Chrome and its two previous versions are supported.

The following scanners support this application's features.

Scanner	Model Supported
Panini®	I:Deal® WI: Deal My Vision X Vision X
Digital Check®	CX30 TS230 TS240

Scanner	Model Supported
Canon®	CR-L1 CR-120 CR-150 CR-190i II
RDM®	EC7000i EC7500i
Epson®	Capture One TMS 1000
Digital Check SmartSource (Unisys Burroughs®)	Micro EX Micro Elite SmartSource Professional® SmartSource Professional Elite SmartSource Merchant Elite SmartSource Value

For Apple:

- macOS High Sierra:Google Chrome
- macOS Mojave:Google Chrome
- macOS Catalina:Google Chrome

The following scanners support this application's features.

Scanner	Model Supported
Digital Check®	CX30 TS240

Configuring Temporary Internet Files and History Settings - Internet Explorer Only

Configuring these settings can keep the pages in the system consistently refreshed with information.

1. Open **Control Panel** from your *Start* menu.
2. Select **Internet Options**.

NOTE: You may need to select **Network and Internet** and then **Internet Options**.

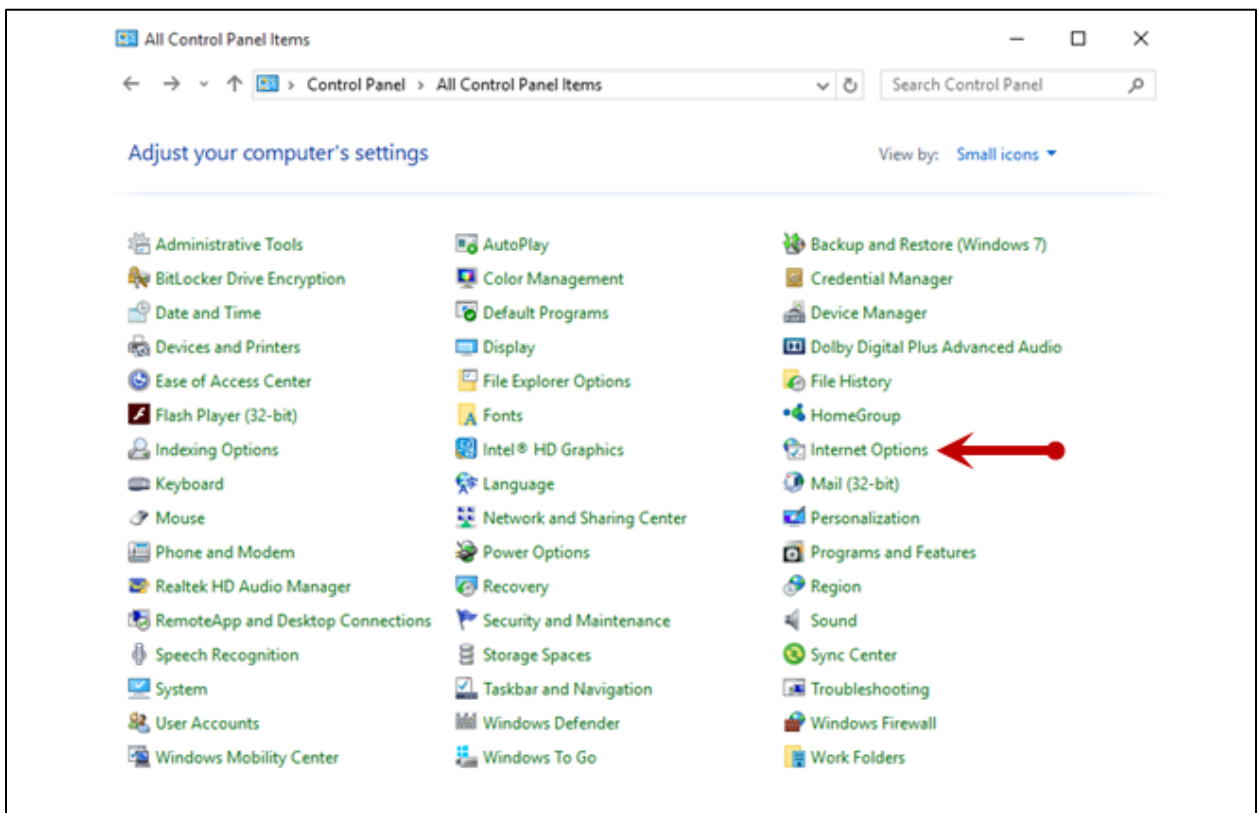

FIGURE 2 – GENERAL TAB FOR INTERNET OPTIONS

3. From the tabs at the top of the *Internet Options* window, select **General**.

FIGURE 3 - GENERAL TAB FOR INTERNET OPTIONS

4. Under the *Browsing history* section, select the **Settings** option (pictured below).

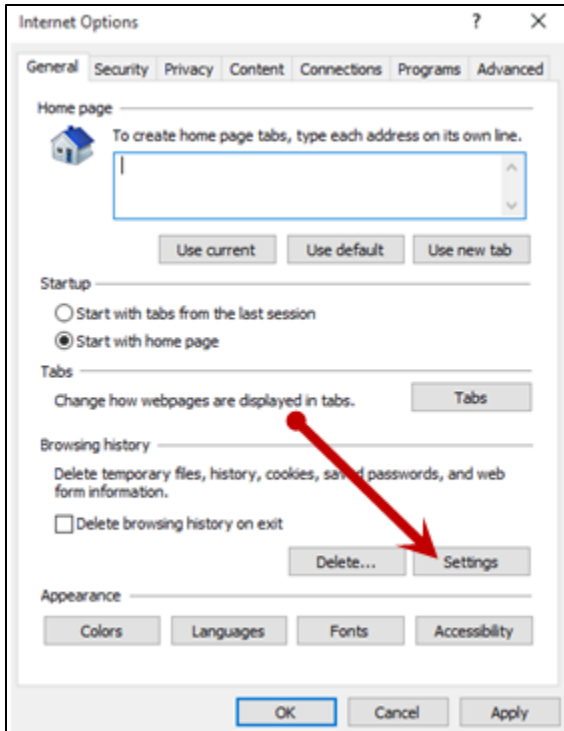

FIGURE 4 - SETTINGS OPTION UNDER BROWSING HISTORY

5. The *Temporary Internet Files and History Settings* window appears. Under *Check for newer versions of stored pages*, select the **Every time I visit the webpage** option.

FIGURE 5 - TEMPORARY INTERNET FILES AND HISTORY SETTINGS

6. Select **OK** at the bottom of the *Temporary Internet Files and History Settings* window.
7. Click **OK** from the bottom of the *Internet Options* window.

Turning on Compatibility View - Internet Explorer Only

Adding the EPS URL to the Compatibility View Settings feature of Internet Explorer may help with viewing certain features in the application.

1. Open Internet Explorer. From the top navigational menu, select **Tools Icon | Compatibility View Settings**.

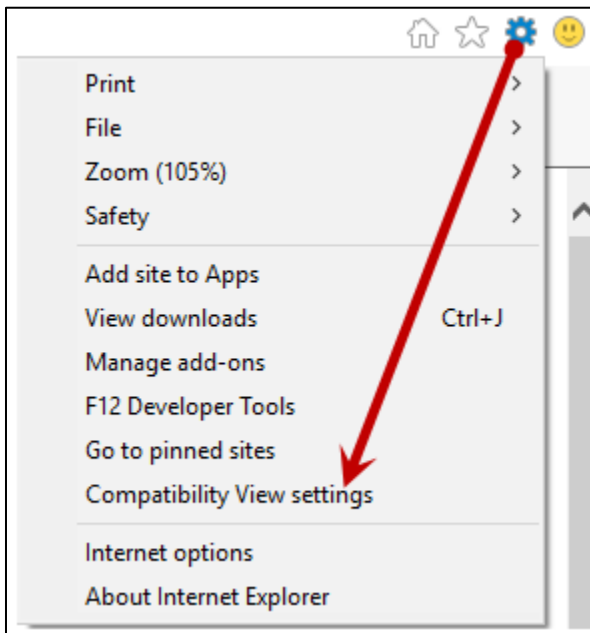

FIGURE 6 – COMPATIBILITY VIEW SETTINGS

2. The *Compatibility View Settings* window appears. Within the **Add this website** field provided, enter the URL <https://smartpay.profitstars.com> and then click **Add**.

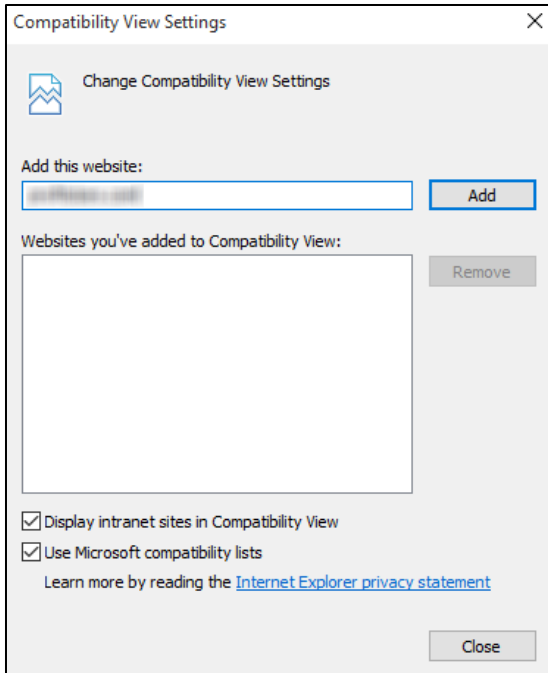

FIGURE 7 - ADD OPTION UNDER COMPATIBILITY VIEW SETTINGS

3. Select **Close** at the bottom of the *Compatibility View Settings* window.
4. Click **OK** from the bottom of the *Internet Options* window.

Privileges and Roles

The Admin user will need to assign the *RDS User* role in order for you to access this application. This role is located within the *Customer Services* privilege. For a complete walkthrough about assigning privileges and roles, please see the *User Administrator Handbook* for more information and complete instructions.

Available Resources

If you have questions about using the RDS application, please contact your first line of support for more information.

For a complete guide on how to run reports using the information processed with the application, please see the *User Reports Handbook* for instructions.

Process Workflow

The below figure describes the process for making a deposit using the Remote Deposit Scan application.

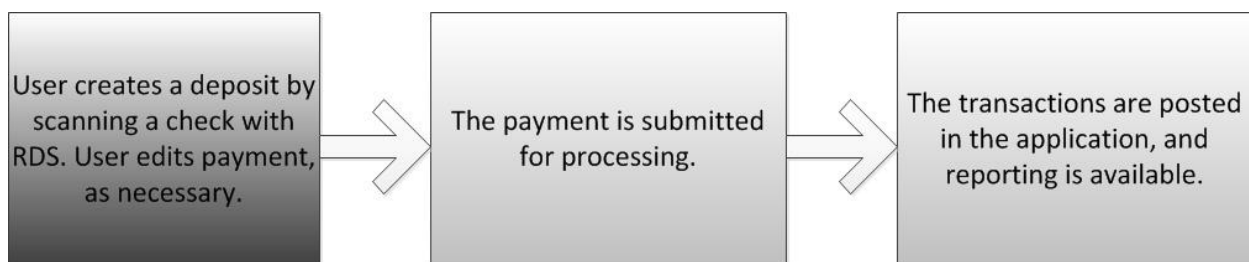

FIGURE 8 - RDS PROCESS WORKFLOW

Session Timeouts

The system will automatically log off a user who has been inactive for at least 30 minutes. A *Session Timeout Warning* appears two minutes before the user is set to be logged out for an opportunity to remain logged in. Click anywhere in the application to remain logged in.

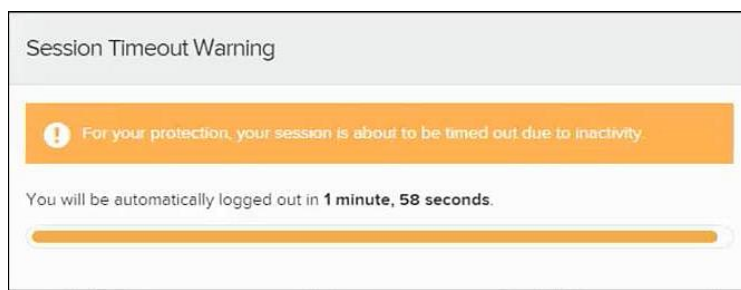

FIGURE 9 - SESSION TIMEOUT WARNING

Logging In

Your admin user will provide you with a URL address. Save this URL to your favorites, as it is a route of access into the system. A user name, temporary password, and company name will also be provided so that you may log in to the system. Only the passwords are case-sensitive.

1. Once at the provided URL address, complete the **User Name**, **Password**, and **Company** fields. Click **Login**.
2. The system will prompt you to change your password. Passwords expire every 90 days and are case-sensitive. Use the following guidelines when creating a new password:
 - At least 1 uppercase letter
 - At least 1 lowercase letter
 - At least 1 number
 - 8-15 characters in length
3. Click **Update Password**.

NOTE: If you forget your password, you have the option to request a new one, as long as your current email address is in your user profile. Your administrator can update your user profile.

Creating a Secret Question

A secret question is a tool used when you forget your password and can have another temporary password generated and sent to an email address. Without an email address in a user's profile, that user will not be able to answer a secret question for a new password for access into the system. The Merchant Admin will need to manually edit/enter an email address for each merchant user, so that merchant user has the option to request a new password by answering a secret question in the application. Secret questions do not need to be a complete question or contain a question mark. Secret questions and answer are not case-sensitive fields.

Once an admin has entered an email address for the merchant user profile, use the following steps to configure the secret question that will be asked of the user, before a new password can be generated and sent to the applicable email address. If the secret question is answered correctly, you will receive an email with a new temporary password.

NOTE: Single sign-on users do not need to set up a secret question.

1. Log in to the application, and select **the user menu | My Settings**.

FIGURE 10 - MY SETTINGS OPTION

2. The system will prompt you for your current login password in order to reach the *My Settings* page. Once there, make changes to the **Change Password**, **Create/Update Secret Question and Answer**, and/or **Create/Update Authorized Caller Identification Phrase and Response** sections, as needed.

 A screenshot of the 'My Settings' page. The page has two tabs: 'FAQs' and 'My Settings', with 'My Settings' being the active tab. The page is divided into three main sections:

- Change Password:** Contains two input fields labeled 'Enter New Password' and 'Confirm New Password'.
- Create / Update Secret Question and Answer:** Contains a 'Secret Question' dropdown menu with 'Name of your dog' selected, and two input fields labeled 'Enter New Secret Answer' and 'Confirm New Secret Answer'.
- Create / Update Authorized Caller Identification Phrase and Response:** Contains an 'Identification Phrase' dropdown menu with 'What is your mother's maiden name?' selected, and two input fields labeled 'Enter New Identification Phrase Response' and 'Confirm New Identification Phrase Response'.

 At the bottom of the page is a green 'Update' button.

FIGURE 11 - MY SETTINGS PAGE

3. Click **Update** when you are finished.

Choosing an Identification Phrase

The EPS Support team answers questions about EPS products in the event you need additional help with an application. EPS takes support-related calls from users who have been designated as an authorized caller by the Admin user. If you have been designated as an authorized caller, you will need to set up an identification phrase and answer to verify your status when calling EPS Support for assistance.

Authorized callers: For specific questions about an application, please contact our support team at 877-542-2244.

NOTE: Non-authorized callers who contact EPS Support will be referred back to their first line of support.

1. Log in to the application, and select **the user menu | My Settings**.
2. The system will prompt you for your current login password in order to reach the *My Settings* page. Make changes to the identification phrase sections, as needed.
3. Type the answer to the question in the **Enter New Identification Response** field, and again in the **Confirm New Identification Response** field. EPS Support will verify this answer when you call. From this page, you can also make changes to your password or secret question and answer if needed.
4. Click **Update** when finished.

Installing Device Control

If you are accessing the application for the first time, you will need to install Device Control, a feature used to manage your scanner(s). Device Control will need to be installed before you can begin making deposits.

NOTE: If you have already installed Device Control via instructions from your financial institution or from the *Scanner Interface Conversion: Remote Deposit Scan* document, you may skip the following steps and proceed to the next section of this document.

1. Navigate to your financial institution's application, and then complete the **User Name**, **Password**, and **Company** fields. Click **Login**.

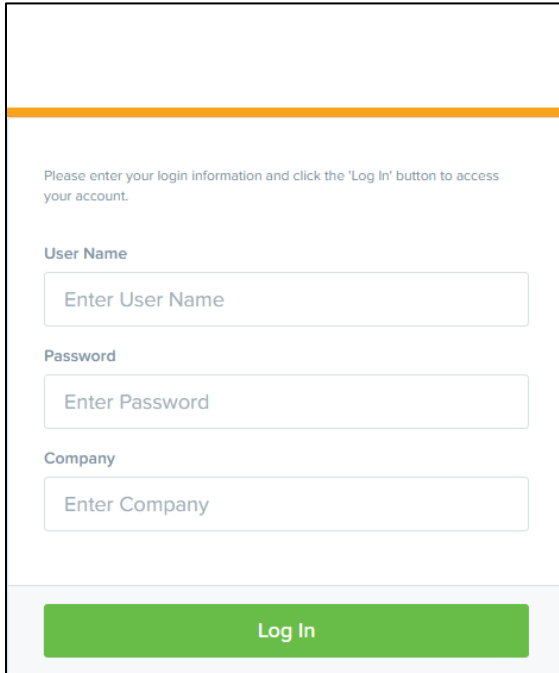

FIGURE 12 - LOGIN

2. Choose **Transactions** from the left main menu.

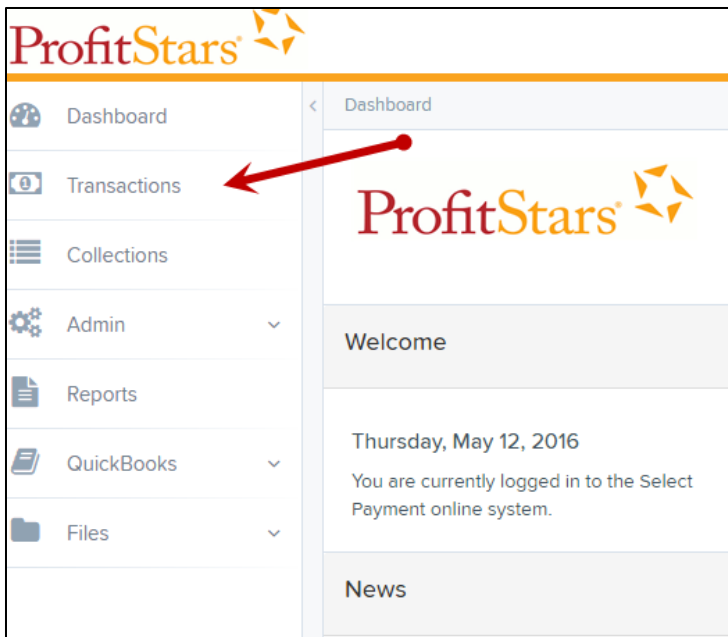

FIGURE 13 - TRANSACTIONS OPTION

3. Under *Check Processing*, choose the **Remote Deposit Scan** option as shown below.

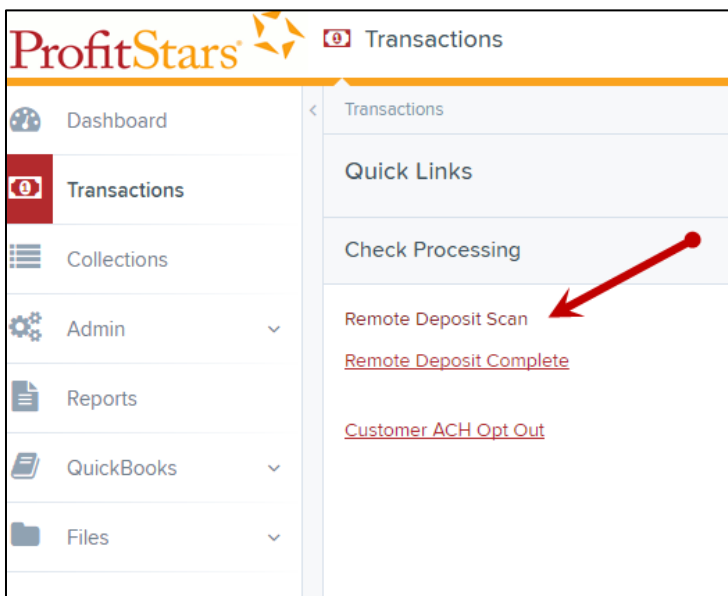

FIGURE 14 - REMOTE DEPOSIT SCAN OPTION

4. The *Device Control* prompt appears, informing you that Device Control is attempting to launch. Select **Run** to continue. For Google Chrome users, click on the **ProfitStarsDeviceCon....exe** (as shown in the second image below).

FIGURE 15 - LAUNCH DEVICE CONTROL – INTERNET EXPLORER 11

FIGURE 16 - LAUNCH DEVICE CONTROL – GOOGLE CHROME

5. The system will prompt you to begin installing Device Control. Select **Install** to continue. This may take several minutes.

FIGURE 17 - PROMPT TO INSTALL DEVICE CONTROL

A prompt may appear to ensure that a user with Administrator rights to the computer will proceed with the installation. Select **OK** to continue.

6. Device Control will initialize. Choose the scanner and model you wish to install for use and then click **Install**.

FIGURE 18 - SELECTING A DEVICE AND MODEL

7. The *Add/Remove Devices* window appears. Choose the scanner you wish to add, and then select **Install**.

FIGURE 19 - ADD/REMOVE DEVICES

8. The Install Wizard tool appears. Disconnect the scanner you wish to install from your computer, and exit all other applications. Select **Next** in the Install Wizard tool to continue.

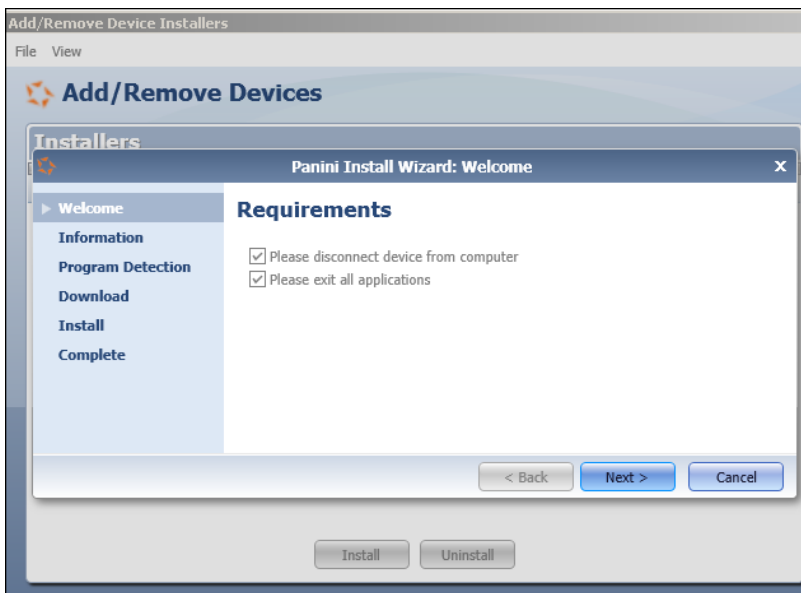

FIGURE 20 - INSTALL WIZARD

9. After the Install Wizard tool has run its course, connect the scanner to your computer and then click **Finish**. The scanner is now installed, and you may begin scanning deposits.

FIGURE 21 - INSTALLATION COMPLETE

NOTE: For more information about working with Device Control, including uninstalling a scanner, please see the “Scanner Device Control” section of this document.

Working with Remote Deposit Scan

The Remote Deposit Scan application allows you to scan one check at a time. The scanner will read the MICR line of the check and scan the front and back sides of the check. In the system application, you will have the opportunity to specify an account location, name on account, payment origin, and amount of the item (discussed in this section) for deposit. The more information you enter around a transaction, the easier it will be to locate that item at a later time.

Depending on the settings with your financial institution, the scanner may frank the front of the check with the words, *Electronically Presented*. You can opt to scan a second document (e.g., check stub or invoice) and/or key additional information to associate with the check and/or the customer who wrote the check.

A deposit can be in any number of statuses when it enters the system. The table below lists the potential status of any one transaction within the system.

Status	Definition
Approved	The transaction has been verified and will be processed at the designated cut-off time.
Processed	The transaction has been transmitted to the appropriate network (ACH or Check 21). Changes can no longer be made, and the transaction can no longer be voided.
Collected	(ACH Only) The transaction, originally returned NSF, has been re-presented to the Federal Reserve by ProfitStars, and funds were recovered.
Awaiting Capture	Status for credit card transactions only.
Awaiting Approval	The transaction has been verified, but the amount of the transaction exceeded the Dual Authorization limit of the user who created it. An authorized approver must review and either approve or void the transaction.
Declined	The transaction has been declined by the EPS system and will not be processed. The transaction exceeded either Dual Authorization or Velocity limits.
Voided	The transaction has been voided and will not be processed. A transaction may not be voided once the item is in the <i>Processed</i> status.
Error	An internal error has occurred within the EPS system. Contact your first line of support.
In Collection	(ACH Only) The transaction, returned NSF, is in the process of being re-presented to the Federal Reserve by ProfitStars.
In Research	May be used by your support group.

Status	Definition
Uncollected NSF	(ACH Only) The transaction was returned to ProfitStars NSF by the Federal Reserve, and funds could not be recovered.
Suspended	The transaction has been verified but has exceeded Velocity limits.
Disputed	(ACH Only) The transaction was returned to ProfitStars by the Federal Reserve because the account holder at the receiving financial institution has disputed its validity. The transaction will be charged back (reversed).
Invalid/Closed Account	(ACH Only) The transaction was returned to ProfitStars by the Federal Reserve because the account number at the receiving financial institution was invalid or because the account was closed.
Resolved	The transaction has been moved into a <i>Resolved</i> status by a user to indicate that no further action related to the transaction is required. Transactions can be moved into a <i>Resolved</i> status from a status of <i>Declined</i> , <i>Voided</i> , <i>Invalid/Closed Account</i> , <i>Disputed</i> , <i>Uncollected NSF</i> , <i>Unauthorized</i> , <i>Error</i> , or <i>In Research</i> .

1. Log in to the system and select **Transactions** from the left main menu.
2. Under *Check Processing*, select **Remote Deposit Scan**.
3. If Device Control has not already launched, the system will ask you to confirm launching Device Control. Click **OK** to continue.

FIGURE 22 - CONFIRMATION TO LEAVE OPEN DEPOSITS PAGE

4. The *Check Processing: Remote Deposit Scan* page appears, and Device Control, the feature used to help manage your scanning device, also appears at the bottom of your page. Complete the required fields designated by an asterisk:
 - **Location:** Select the account location where the check will be processed. Once you select a location, the Device Control will update to a ready status.
 - **Payment Origin:** Select the type of payment.
 - **Name on Account (Grayed-out):** A field for the name of the check writer. The information for this field will auto-populate for a previously created customer profile in the system once the check is scanned.
 - **Amount:** Enter the amount for the check.

FIGURE 23 - RDS FIELDS

NOTE: Customer data fields will remain unavailable until a check has been scanned.

- Place the check in the scanner, and then scan the check item.
- If the check could not be read properly, a *MICR Repair* prompt will appear. Select **Expand** next to *Repair Instructions* for more help on how to repair a MICR. ✓

MICR Repair

The MICR line on the bottom of the check did not read correctly. Rescan the check or repair the MICR line using the steps shown below.

Repair Instructions

1. Select box below that contains a "?". The first box is pre-selected. Use your mouse to select an entry to correct or use the keys shown in the table:

Key	Description
Arrow Keys	Navigate left and right
Space Bar	Clear the selected entry
Delete	Delete selected entry, moving remaining items down
Backspace	Delete entry left of cursor, moving remaining items down
Insert	Insert a new entry at cursor location

2. Use physical check or check image shown below to identify the correct digit or symbol to replace the "?".

3. Use your keyboard to enter the digits 1-9. Use the letters listed in the table in place of the MICR symbols on the check.

Symbol On Check	Letter To Type	Description
	t	Bank <u>T</u> ransit symbol
	o	<u>O</u> nUs symbol
	a	<u>A</u> mount symbol
	-	<u>D</u> ash symbol

4. After repairing all errors, click "Repair Complete" button to continue processing the payment.

+ **Q**

FIGURE 27 - SELECTING A CUSTOMER FOR AN ACCOUNT

8. At the bottom of the *Customer* panel, you have the option to **Edit** a customer, **Add** a new customer to be associated with the account information, or **Search** for a currently existing customer to associate with the account information on the deposit item. The following fields are typically used to generate a customer record when filling out customer data.
 - Name on Account
 - Customer Number
 - First Name
 - Last Name
 - Address
 - Daytime Phone
 - Evening Phone

FIGURE 28 - CUSTOMER PANEL

The more data you fill out for a customer record, the easier it will be to locate that customer in the system at a later time.

NOTE: You may request up to three additional information fields for the customer to complete. These fields can be required or optional and can be requested by sending an inquiry to your financial institution.

The following table describes the optional fields available to complete for a customer when scanning a check, listed in alphabetical order.

Status	Definition
Address	This field contains the mailing address of the customer. This field will repopulate the next time a check from the same customer is scanned.
Amount	The amount of the transaction as a two-decimal-place number (for example, XX.XX).
Back of Check	When clicked, the back image of the check displays.
Check Number	This field contains the check serial number captured when a check has been scanned.
City	Contains the city where the customer resides. This field will repopulate the next time a check or credit card from the same customer is scanned.

Status	Definition
Company Name	This field replaces the Last Name field when the Customer Type is set to Business . This field will repopulate the next time a check or credit card from the same customer is scanned, and users can search by this field.
Country	This field contains the country where the customer resides and will repopulate the next time a check or credit card from the same customer is scanned. This field does not appear on reports.
Customer Number	This field must be unique for each customer. It will repopulate the next time a check or credit card from the same customer is scanned. This field is available to appear on reports, and users can search by this field to populate personal information when this customer makes a deposit in the future.
Customer Type	This is a required field that defaults to Individual . This field can be changed to Business depending on the type of customer.
Daytime Phone	This field contains the customer's daytime phone number. It will repopulate the next time a check or credit card from the same customer is scanned. This field does not appear on reports.
Description	This field is informational and does not appear on reports, but will appear on the <i>Transaction Details</i> page.
Driver's License	This field contains the driver's license number of the customer. This field will repopulate the next time a check or credit card from the same customer is scanned. This field does not appear on reports.
Effective Date	This field contains the date the transaction is to be processed.
Email Address	This field contains the email address of the customer. It will repopulate the next time a check or credit card from the same customer is scanned. This field will not appear on reports.
Evening Phone	This field contains the customer's evening phone number. It will repopulate the next time a check or credit card from the same customer is scanned. This field does not print on reports.
Fax Number	This field contains the customer's fax number. This field will repopulate the next time a check or credit card from the same customer is scanned. This field does not appear on reports.
Federal Tax ID No.	This field replaces the Social Security No. field when the Customer Type field is set to Business . It will repopulate the next time a check or credit card from the same customer is scanned. This field does not appear on reports.
First Name	This field contains the customer's first name and will repopulate the next time a check or credit card from the same customer is scanned. This field does not appear on reports.

Status	Definition
Front of Check	When clicked, the image of the front of the check displays.
Supporting Image	When clicked, the system will prompt you to scan a second document, such as a check stub or invoice, to associate with the check, granted the document fits through the scanner.
Last Name	This field contains the customer's last name and will repopulate the next time a check or credit card from the same customer is scanned. Users can search by this field. This field does not appear on reports.
Location	This field contains the account to be debited/credited with the payment. This is a required field.
Name on Account	This field contains the name of the person from whom the item was received or the actual name used on the credit card or bank account. This field will repopulate the next time a check or credit card with the same account information is scanned and will appear on reports.
Payment Origin	This field is required if displayed and shows a value based on input from the Payment Type field from the <i>New Deposit</i> page. It will contain one of the following: <ul style="list-style-type: none"> • Mailed-In • Drop Box • Retail/Point of Purchase Sale • Back office
Postal Code	Contains the zip code of the merchant residence or business.
Process Payment	When clicked, a response message will appear as to whether the transaction has been approved to be processed.
Rescan	When clicked, the system will prompt for the check to be scanned again.
Repair	When clicked, a repair page displays, and the MICR Repair Entry field allows users to fix the MICR line of a check.
Social Security No.	This field contains the Social Security number of the customer. This field will repopulate the next time a check or credit card from the same customer is scanned. This field does not appear on reports.
State	This field contains the state from which the customer's driver's license was issued. This field will repopulate the next time a check or credit card from the same customer is scanned. This field does not appear on reports.
Suite/Apt. #	This field contains the suite or apartment number of the customer. This field will repopulate the next time a check or credit card from the same customer is scanned. This field does not appear on reports.

Status	Definition
Transaction Number	This field must be unique for each transaction processed. It will be automatically populated if left blank and will appear on reports.
Zip/Postal	This optional key entry field contains the zip code or postal code of your customer and will repopulate the next time a check from the same customer is scanned. This field is not available to appear on reports.

9. Select **Front of Check** to view the front image of the item. Select **Back of Check** to view the back image of the item.
10. Notice whether your settings have determined if franking the check is automatic, disabled, or whether you have the option to frank an item. In the below example, franking is set to automatic for each item.

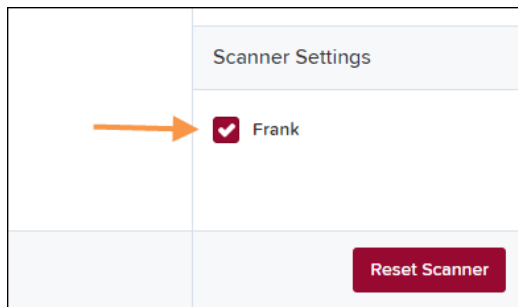

FIGURE 29 - FRANKING SETTING FOR SCANNED CHECKS

11. If an additional image needs to accompany the item, select **Supporting Image** and scan the document through the scanner (pictured below).

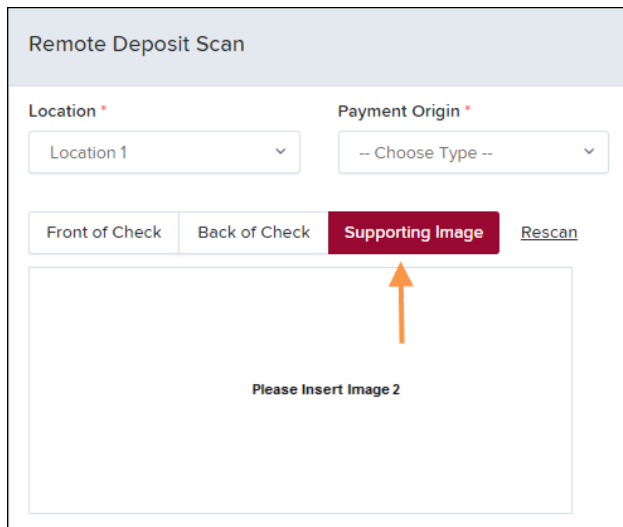

FIGURE 30 - IMAGE 2 OPTION

12. When ready to complete the payment, select **Process Payment**. The system will have a prompt confirming the submission.

The screenshot displays the 'Remote Deposit Scan' interface. At the top, there are dropdown menus for 'Location' (set to 'Location 2') and 'Payment Origin' (set to '- Choose Type -'). Below these are tabs for 'Front of Check' (selected), 'Back of Check', 'Supporting Image', and 'Rescan'. The main area shows a scanned check from 'Sam Right' for \$10.00, dated 1-4-16. The MICR line at the bottom of the check is 't274970076t 12707o 2103'. Below the check, there is a 'Name On Account' field and an 'Amount' field (set to '\$'). An orange arrow points to the 'Process Payment' button at the bottom right.

FIGURE 31 - PAYMENT PROCESSING CONFIRMATION

13. Click **OK** to continue.

The following list describes all the potential prompts the system may provide when attempting to submit a check.

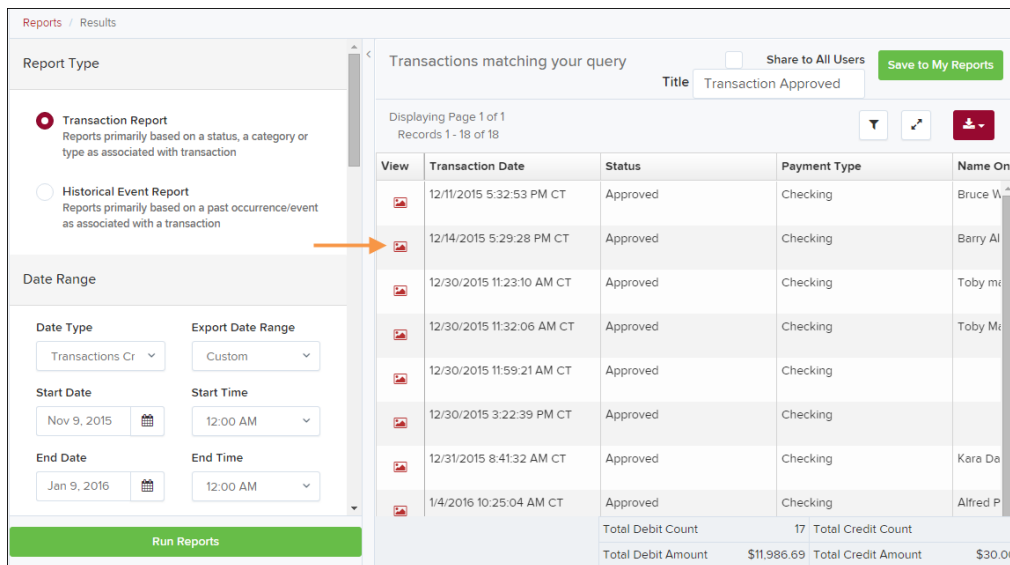

- **Internal Error** – This message indicates an internal error has occurred in the system. Please contact your first line of support.
- **Invalid MICR** – This message indicates that the MICR line is invalid, specifically the routing & transit number of the financial institution. Acknowledged account numbers are between 4-17 numerical characters.
- **Transaction Approved** – This response indicates that the transaction payment information has been verified; the transaction will be added to the *Approved* status to be processed later.
- **Transaction Not Approved** – This response appears for one of the following reasons.
 - A Velocity (transaction) limit has been met or exceeded. This item will be placed in the *Suspended* transaction status.
 - A transaction has been declined due to a Dual Authorization setting on the processor. This item will appear in the *Declined* transaction status.
 - A transaction has been declined due to a transaction limit set by your financial institution.

Status	Definition
Collected	(ACH Only) The transaction, originally returned NSF, has been re-presented to the Federal Reserve by ProfitStars, and funds were recovered.
Awaiting Capture	Status for credit card transactions only.
Awaiting Approval	The transaction has been verified, but the amount of the transaction exceeded the Dual Authorization limit of the user who created it. An authorized approver must review and then either approve or void the transaction.
Declined	The transaction has been declined by the EPS system and will not be processed. The transaction exceeded either Dual Authorization limits or <i>Velocity</i> limits.
Voided	The transaction has been voided and will not be processed. Transactions may not be voided once they are in the <i>Processed</i> status.
Error	An internal error has occurred within the EPS system. Contact your first line of support.
In Collection	(ACH Only) The transaction, returned NSF, is in the process of being re-presented to the Federal Reserve by ProfitStars.
In Research	May be used by your support group.
Unauthorized	This includes the total number of transactions and total amount that have been returned with one of five Unauthorized Return Reason Codes (R05, R07, R10, R29, R51). Note: These R codes will no longer be included in the <i>Disputed</i> status totals.
Uncollected NSF	(ACH Only) The transaction was returned to ProfitStars NSF by the Federal Reserve, and funds could not be recovered.
Suspended	The transaction has been verified, but it has exceeded <i>Velocity</i> limits.
Disputed	(ACH Only) The transaction was returned to ProfitStars by the Federal Reserve because the account holder at the receiving financial institution has disputed its validity. The transaction will be charged back (reversed).
Invalid/Closed Account	(ACH Only) The transaction was returned to ProfitStars by the Federal Reserve because the account number at the receiving financial institution was invalid or because the account was closed.

Status	Definition
Resolved	The transaction has been moved into a <i>Resolved</i> status by a user to indicate that no further action related to the transaction is required. Transactions can be moved into a <i>Resolved</i> status from a status of <i>Declined</i> , <i>Voided</i> , <i>Invalid/Closed Account</i> , <i>Disputed</i> , <i>Uncollected NSF</i> , <i>Unauthorized</i> , <i>Error</i> , or <i>In Research</i> .

NOTE: Selecting any one status from the *Current Transaction Summary* page will automatically generate a report for all transactions within that status for the current day. For more on reports, please see the *User Reports Manual*.

1. To edit a transaction, log in to the application, and select the **Approved** link from the *Current Transaction Summary*.
2. Select  **View** next to the transaction you would like to edit (shown below).

The screenshot shows the 'Reports / Results' page. On the left, the 'Report Type' section has 'Transaction Report' selected. Below it, the 'Date Range' section includes 'Date Type' (Transactions Cr), 'Export Date Range' (Custom), and date/time pickers for Start Date (Nov 9, 2015), End Date (Jan 9, 2016), Start Time (12:00 AM), and End Time (12:00 AM). A 'Run Reports' button is at the bottom left. The main area displays 'Transactions matching your query' with a table. The table has columns: View, Transaction Date, Status, Payment Type, and Name On. An orange arrow points to the 'View' icon next to the transaction dated 12/14/2015 5:29:28 PM CT. At the bottom right, summary statistics are shown: Total Debit Count (17), Total Credit Count (1), Total Debit Amount (\$11,986.69), and Total Credit Amount (\$30.00).

Voiding a Transaction

A transaction can be voided as long as it is still in a status of *Approved*, *Awaiting Approval*, or *Suspended*. Recall that an approved transaction will be moved to the *Processed* status at the end of the closing day for your financial institution.

- Log in to the application, and select a status from the *Current Transaction Summary* page that has not yet been processed. For example, click the **Approved** status link.
- A report of approved transactions appears. Select **View**  next to the transaction you would like to void.
- From the *Transaction Details* page, select **Actions | Void**.

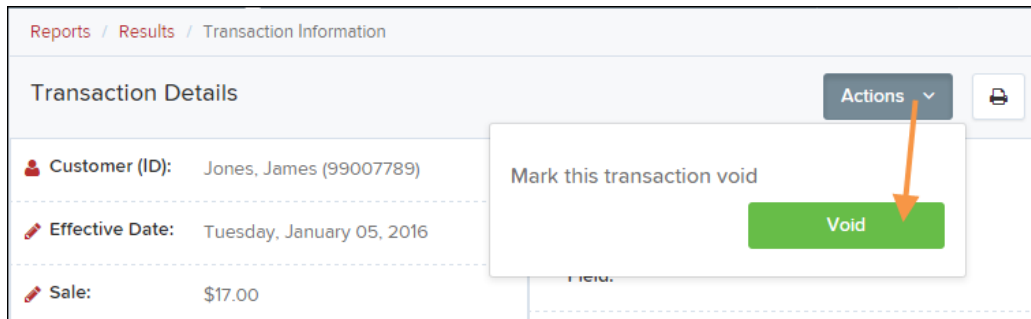

FIGURE 38 - VOIDING A TRANSACTION

4. The system will ask you to confirm voiding the transaction. As shown below, click **Void**. The transaction will be voided and appear as a *Voided* status on the *Current Transaction Summary* page until it is resolved.

FIGURE 39 - CONFIRMING VOIDING A TRANSACTION

Resolving Transactions

Resolving a transaction means indicating a reason why the transaction was voided for communication and auditing purposes. Once a transaction has been voided, it will appear in the *Voided* status, where you can opt to resolve the transaction.

1. Log in to the application and then select the **Voided** status from the *Current Transaction Summary* on the *Dashboard* page of the application.
2. Select  **View** for the transaction you wish to resolve.
3. From the *Transaction Details* page, select **Actions**.
4. Enter a reason for resolving the transaction. For example, the transaction was deposited in the wrong account.
5. Click **Resolve**. The transaction will now appear under the *Resolved* status in the *Current Transaction Summary*.

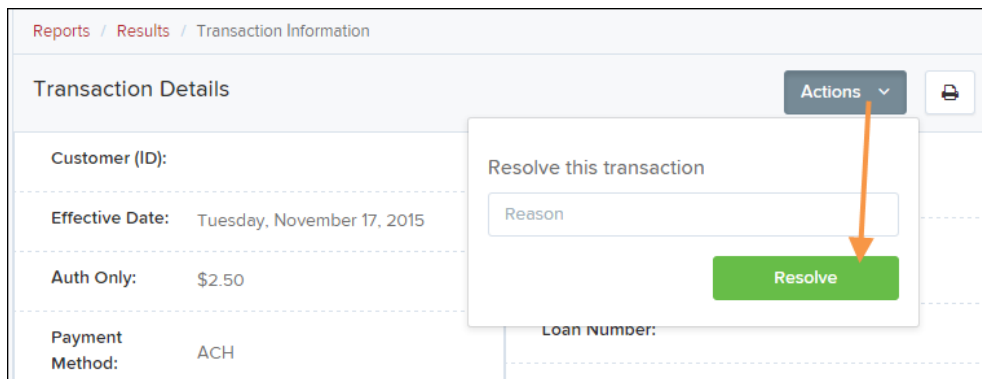

FIGURE 40 - MARK TRANSACTION RESOLVED OPTION

Bulk Check Operations

The system will allow you to take action on multiple check items, at once. Bulk check operations are available depending on a transaction's status. You will need the *Accounting* privilege, *Bulk Operations* role to perform the following tasks.

Bulk Approve

You may bulk approve transactions that are in the *Awaiting Approval* status.

1. Log in to the system, and choose **Transactions**.
2. Under the *Bulk Check Operations* heading, select **Approve**.

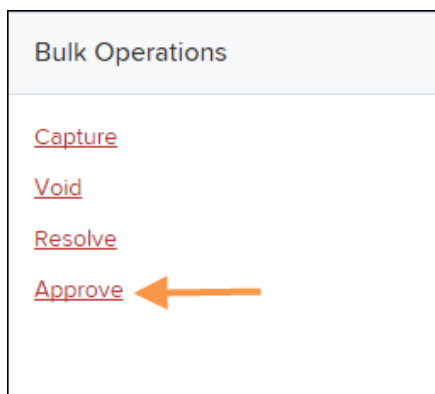

FIGURE 41 - BULK APPROVE OPTION

3. The *Bulk Operations* page appears. Specify a **Location** from which to search for transactions. Specify a **Begin Date** and **End Date** for a range in which to search for transactions using MM/DD/YYYY format, or the calendar option provided.

FIGURE 43 - SELECTING TRANSACTIONS FOR APPROVAL

- Enter a **Reason** for approving any item(s). Click **Save** and the system will approve the item(s).

Bulk Capture

You may search for and capture transactions in the *Awaiting Capture* status.

1. Log in to the system, and choose **Transactions**.
2. Under the *Bulk Check Operations* heading, select **Capture**.
3. The *Bulk Capture* page appears. Select a **Location** from which to search for transactions. Specify a **Begin Date** and **End Date** for a range in which to search for transactions using a MM/DD/YYYY format, or the calendar option provided.
4. Select **Run Report**. The transaction(s) matching your search filters appear. Select the check box(es) next to the transactions you wish to capture. You may also select the check box in the column header to select all the transactions listed.
5. Enter a **Reason** for capturing any item(s). Select the **Capture** option.

Bulk Void

The Bulk Void option can be used for transactions in the *Approved*, *Awaiting Capture*, *Awaiting Approval*, or *Suspended* status.

1. Log in to the system, and then select **Transactions**.
2. Under the *Bulk Check Operations* heading, click **Void**.
3. The *Bulk Void* page appears. Select a location from which to search for transactions.
4. Specify a **Begin Date** and **End Date** for a range in which to search for transactions using a MM/DD/YYYY format, or the calendar option provided.
5. Click **Run Report**. The transaction(s) matching your search filters appear. Select the check box(es) next to the transactions you wish to void. You may also select the check box in the column header to select all the transactions listed.
6. Enter a **Reason** for voiding any items, and then click the **Void** option.

Bulk Resolve

You may resolve multiple transactions with a status of *Declined*, *Voided*, *Invalid/Closed Account*, *Uncollected NSF*, *Unauthorized*, *Disputed*, *Error*, or *In Research*.

1. Log in to the system, and select **Transactions**.
2. Under the *Bulk Check Operations* heading, choose **Resolve**.
3. The *Bulk Resolve* page appears. Specify a location from which to search for transactions.
4. Specify a **Begin Date** and **End Date** for a range in which to search for transactions using a MM/DD/YYYY format, or the calendar option provided.
5. Click **Run Report**. The transaction(s) matching your search filters appear. Select the check box(es) next to the transactions you wish to void. You may also select the check box in the column header to select all the transactions listed.
6. Enter a **Reason** for resolving these transactions, and then click **Resolve**.

Scanner Device Control

Device Control Indicators

The Device Control can be in any one of several statuses. Look to your hidden icons in the task bar of your desktop to view the status of the Device Control. In the following figure, the Device Control icon is green, indicating that in the services are available.

FIGURE 44 - DEVICE CONTROL ICON

- A green icon indicates the Device Control services are available.
- A black icon indicates that the Device Control services are offline.
- A red icon indicates that an error has occurred with the Device Control.
- A yellow icon indicates that Device Control is in the process of scanning.
- A blue icon indicates that the Middleware for the device is online.

Disabling Alerts, Launch on Startup, Auto Detect Proxy

Use the following steps to limit the amount of alerts and status messages received from Device Control, disable Device Control from launching on startup or to turn on the auto detecting proxy configuration.

1. On the bottom task bar, select the **Show hidden icons** option.

FIGURE 45 - SHOW HIDDEN ICONS OPTION

2. Right-click the Device Control icon, select **Options**, and then choose the option you would like to change: **Display Alert Balloons**, **Launch on Startup**, or **Auto Detect Proxy**. The option should now be selected or deselected (shown below). (An option that is not check marked signifies that it is disabled, while an option that has a check mark next to the option is enabled).
